InfoMentis Open EMEA Office

ATLANTA – February 22, 2010 - InfoMentis, Inc., a global consulting and performance improvement leader, announced today the opening of InfoMentis Limited. Based in the UK, InfoMentis Limited will distribute and deliver InfoMentis consulting and performance improvement offerings in the EMEA region.

“Global deployments for clients like Oracle, Informatica, Infor and Fiserv clearly demonstrate our international reach. Further expanding our reach with the addition of EMEA-based offices is the logical next step in supporting our aggressive growth plans,” said Wendy Reed, CEO of InfoMentis. “The InfoMentis office in the UK will help us support existing client requirements as well as enable us to find and address new opportunities in the EMEA region.”

“We see this as the perfect time to establish a European presence for InfoMentis,” commented Paul Henry, CEO of InfoMentis EMEA. “The industry is at a point in its evolution where the convergence of process, methodology and technology allows us to offer even more compelling solutions to our clients in support of their revenue goals. We at InfoMentis are uniquely positioned to bring these integrated solutions to our clients throughout EMEA.”

About InfoMentis

InfoMentis is a global training, consulting and performance improvement company providing configurable programs that help our clients enable cultural change. InfoMentis teaches clients how to more effectively attract and retain customers as well as helps them to achieve bottom-line results. InfoMentis’ configurable courseware, e-Learning modules, web-based and on-premise instructor-led training, consulting services and collaborative productivity tools are designed to be adapted for role-based behavioral change for anyone in marketing, sales, services, support and management that have contact with their customers and prospects throughout the entire customer lifecycle.

Headquartered in Alpharetta, Georgia, InfoMentis has helped industry leaders around the world understand and embrace the value of determining predictable revenue streams. Through InfoMentis’ unique offerings, they are able to recognize that an opportunity for growth is significant among organizations eager to differentiate themselves.

Founded in 1996, InfoMentis has provided performance improvement strategy, consulting and coaching to over 40,000 professionals in 66 countries over six continents.
